

SHARE YOUR VOICE - JOIN A PAID LUPUS RESEARCH STUDY!

Have you been diagnosed with **Systemic Lupus Erythematosus (SLE)**?
Your experience matters and can help shape the future of lupus care.

Exafield US, a leading healthcare market research company, is conducting an important study to better understand the real-life experiences of individuals living with **Lupus (SLE)**, and **we want to hear from YOU!**

ELIGIBILITY

- Between the ages of 21 and 55
- Diagnosed with Systemic Lupus Erythematosus (SLE) within the past 10 years
- Having experience with biologic treatments
- Not having been diagnosed with Lupus Nephritis

STUDY HIGHLIGHTS:

- Pre-task: short homework assignment due 48-hours before your interview
- **Format:** one **90-minute online interview**, participate from the comfort of your home
- **Compensation:** **\$150** for your time and insights (diagnosis confirmation required)

By sharing your perspective, you'll help healthcare professionals, researchers, and organizations better meet the needs of the lupus community.
